Convention on the Contract for the International Carriage of Goods by Rail (URL 1)

URL 1 bridges the two existing systems of CIM and SMGS.

① International Legal Regime

① Contract of Carriage

① System that can be applied globally (Africa/America/Asia)

① Liability Regime

① Consignment Note

→ ↓ **Costs**

↓ **Delays**

↑ **Efficiency**

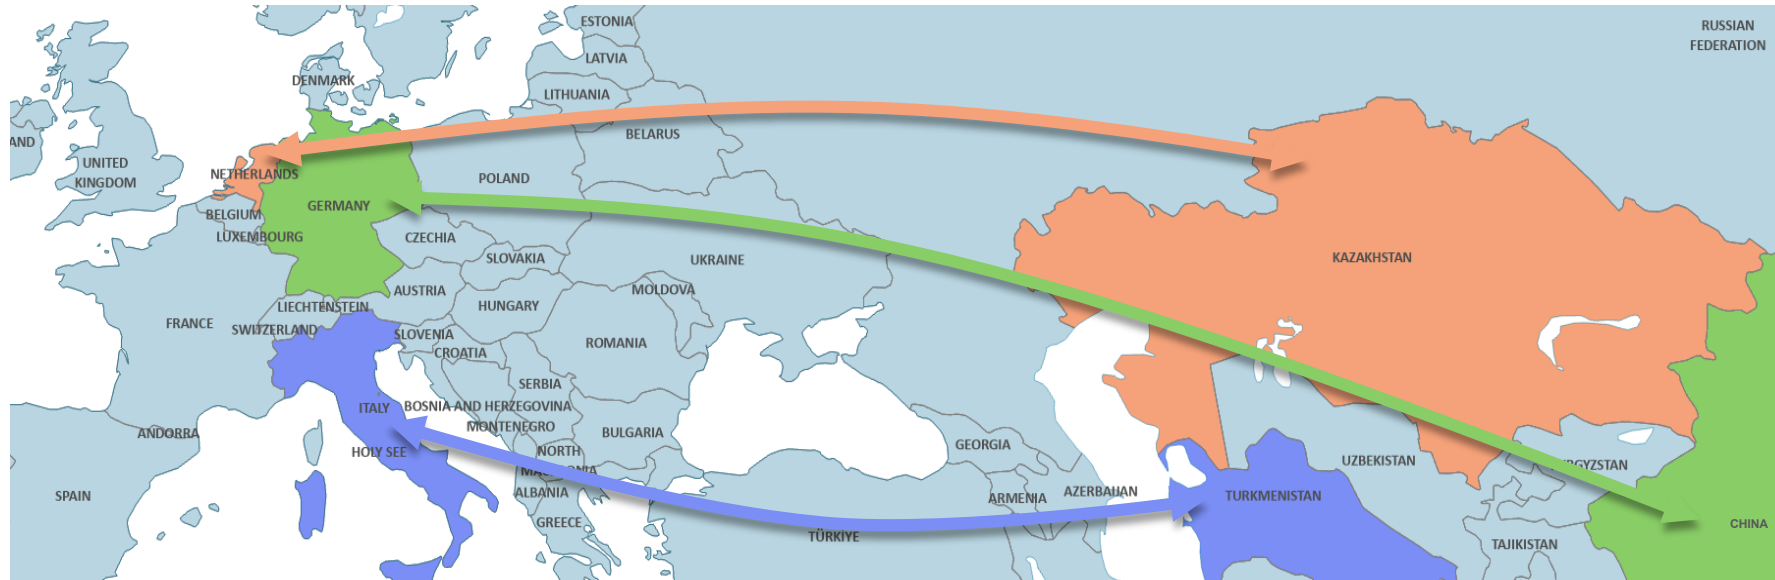

↑ **Certainty**

A more competitive railway

How is life made easier

- Facilitates transport between Asia and Europe

Road Safety Performance Review Uzbekistan

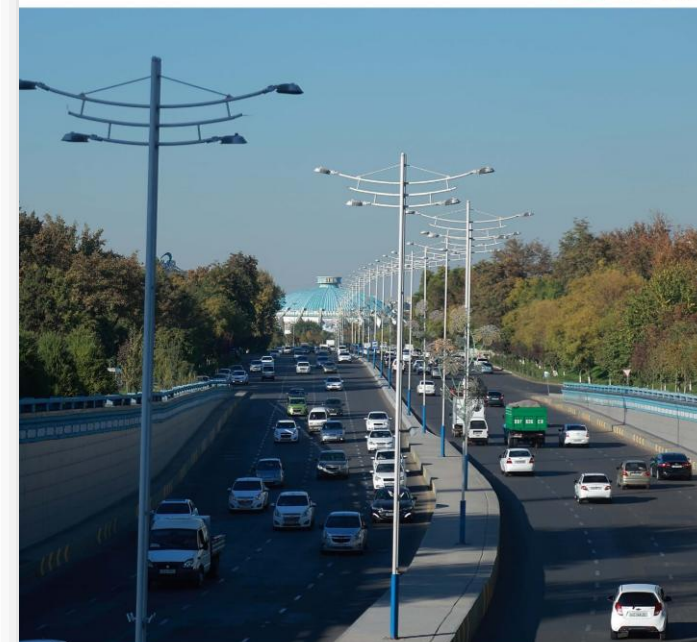

- Describe current road safety situation and help Government to identify the most critical road safety aspects and priority needs.
- Analyze (national experts, UNECE and UN family UZ and international experts) road safety situation, identify the most pressing road safety issues and come with recommendations.
- Organize capacity-building seminars and workshops, based on priority needs identified in the Review.
- Initiate national policy dialogue and raise awareness on road safety issues.
- Publish the report in English, Russian and Uzbek and sensitize public and non-governmental sectors on the need to launch ambitious road measures.
- Prepare follow-up activities and monitor progress.
