

## **Third Annual Meeting of the CAREC Skills Development Working Group**

**Follow-up support to three CAREC countries on  
mainstreaming green skills and just transition  
aspects into TVET/ HE policies**

Ms. Liliia Kachkinbaeva, Consultant, ADB

1-3 April 2026  
Istanbul, Turkey

Kyrgyzstan

Turkmenistan

Uzbekistan

From  
the People of Japan

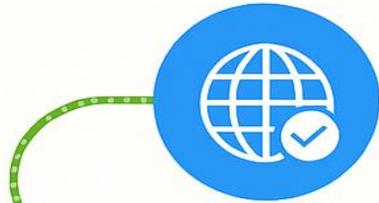

# Implementation Strategy

- **Policy Adoption:** Selected countries will adopt formal policy proposals to mainstream green skills and a just transition into revised TVET/HE strategies.
- **National Alignment:** Integrate these suggestions into existing national climate plans and policies.
- **Inter-agency Working Group:** Establishment of a collaborative group to oversee the interventions.
- **Stakeholder Engagement:** Active participation of private-sector and employer representatives, especially from green and transitioning sectors

# Work Plan: Mainstreaming Green Skills & Just Transition in TVET/HE

## Core Activities

### Activity 1: Global Benchmarking

- Stock-take international best practices for green skills integration.
- Identify successful “Just Transition” models from global policies.

### Activity 2: National Strategic Analysis

- Evaluate current TVET/HE strategies against the pParis Agreement and NDCs.
- Assess curricula relevance to modern “green” industry needs.

### Activity 3: Knowledge Development for Leaders

- Equip policymakers and inter-agency groups with critical gap analysis.
- Bridge the divide between international standards and national practices

### Activity 4: Practical Capability Building

- Conduct in-country training for upgrading education strategies.
- Produce concrete policy proposals and performance indicators

### Activity 5: Regional Knowledge Sharing

- Disseminate results and lessons learned with CAREC country countries.
- Foster regional cooperation for sustainable education systems.

# Functions of the Ministry

## Institutional Mechanism

- **Action:** Establish an inter-agency working group.
- Stakeholders: Key national bodies, private-sector actors, employer representatives, and TVET/HE institutions.

## Convening Function

- **Action:** Organize national consultations with the inter-agency group.

## Action Plan Development

- **Action:** Develop and adopt TVET/HE policy proposals and action plans.
- **Validation:** Define objectives and indicators; secure agreement from the inter-agency group.

## Dissemination of Results

- **Action:** National capacity building workshops

# Functions of the ADB TA

## □ Technical Expertise

- Engage National Experts for a comprehensive audit of TVET/HE strategies.

## 💰 Financing & Resourcing

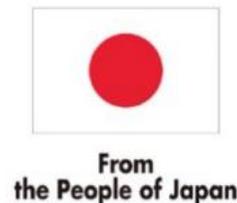

- Budget Allocation for national round-table meetings.
- Goal: Facilitate high-level discussion on international best practices and national reports.

## □ □ Capacity Building & Action

- Policy Upgrading: Transform training into concrete proposals for TVET/HE objectives and indicators.
- Goal: Improved inter-agency cooperation and actionable strategic updates.

# The Final Deliverable: A National Blueprint

A Nationally Adopted Policy Proposal to bridge Green Skills with Just Transition through clear Objectives, Action Plans, and Measurable Indicators

# THANK YOU FOR YOUR ATTENTION!
