Corridor Performance Measurement and Monitoring: Methodology Workshop

The CAREC Corridor Performance Measurement and Monitoring (CPMM) Methodology Workshop will be held in Tashkent, Uzbekistan on 29-30 October 2024. Interested participants may also join online via Zoom. Please register here [link to be updated].

The CAREC Integrated Trade Agenda 2030 framework supports enhancing the measurement of at-the-border and behind-the-border procedures to promote lower trade costs and more effective trade facilitation in the region. In line with this, the workshop discussion will revolve around the improvements of the CPMM methodology and recommended practices in data collection.

The CAREC Program initiated a review of the CPMM with a view to enhancing its effectiveness in fostering the development of the CAREC Corridors. This workshop will introduce to the CPMM stakeholders, specifically its private-sector freight forwarder association partners, the focus shifts in data collection, validation, and dissemination. It will also discuss the issues encountered during the pilot implementation of the revised CPMM methodology and how to address them.

CAREC Corridor Performance Measurement and Monitoring Methodology Workshop
29-30 October 2024, Tashkent, Uzbekistan

CPMM is a tool to assess the efficiency of CAREC transport corridors:

- i. identifies causes of delays and unnecessary costs along the CAREC corridor, including border-crossing points and intermediate stops.
- ii. helps authorities determine where and how to address identified bottlenecks.
- iii. assesses the impact of regional cooperation initiatives.

Introduction of Participants

- CPMM ADB Team
- CPMM CAREC Institute Team
- CPMM Partners
- Transport Sector
- Knowledge Partners
- USAID

Agenda of the workshop

Day 1: 29 October 2024, Tuesday

Day 1 will cover topics on data collection procedures, gaps, issues, and institutional arrangement.

9:00-9:05 am	5 mins	Opening Remarks	1:30-2:30 pm	60 mins	Session 4: Gaps in Data Collection, Other Institutional Partners
9:05-10:00 am	55 mins	Session 1: Introduction of Participants and their Roles in CPMM, CPMM Methodology Review, Recommendations, Overview of the Pilot Implementation	2:30-3:00 pm	30 mins	Session 5: Data Aggregation, Analysis, and Indicators
10:00-10:15 am	15 mins	Coffee Break and Group Photo	3:00-3:15 pm	15 mins	Coffee Break
10:15-11:00 am	45 mins	Session 2: Data Collection – Routes and Border Crossing Points	3:15-3:45 pm	30 mins	Session 6: Data Quality Control and Validation
11:00-12:00 pm	60 mins	Session 3: Data Collection – Survey on Border Crossing Points	3:45-4:45 pm	60 mins	Session 7: Brainstorming: New Approaches to Data Collection, Use of GPS
12:00-1:30 pm	90 mins	Lunch	4:45-5:00 pm	15 mins	Wrap-up

Guide questions are provided to participants in advance to promote active discussion.

Agenda of the workshop

Day 2: 30 October 2024, Wednesday

Day 2 will cover topics on CPMM outputs and partnership with the CAREC Institute

9:00-9:10 am	10 mins	Summary of Day 1
9:10-10:10 am	60 mins	Session 8: CPMM Outputs: Reports, Briefs, Blogs, Data Portal, and Role of CAREC Institute
10:10-10:30 am	20 mins	Session 9: Preliminary Findings of the Trade Readiness Assessment Report
10:30-10:45 am	15 mins	Coffee Break
10:45-11:45 am	60 mins	Session 10: Brainstorming: Contribution of CPMM Partners to Promoting Trade Facilitation in CAREC
11:45-12:15 pm	30 mins	Session 11: CAREC Institute
12:15-12:30 pm	15 mins	Closing Remarks
12:30-2:00 pm	90 mins	Lunch

CPMM Methodology Recommendations

1. Indicators (Session 5)
2. Sampling (Session 2)
3. Data collection (Session 3)
4. Data aggregation (Session 5)
5. Dissemination of CPMM data and findings (Session 8)

Main objective of the workshop

- 1. Implement the changes in 2025.**
 - Review of the pilot conducted July-Dec 2024.
- 2. Seek feedback of changes from stakeholders.**
 - Preliminary feedback obtained from April workshop in Samarkand.
- 3. Restructure data collection.**
 - Focus on routes, instead of CAREC-level indicators; fewer and less frequent sample.
 - Focus on select BCPs; gather more qualitative information.

Pilot Implementation

1. Focus on routes (Session 2)
2. BCP survey (Session 3)

Thank you!
